

src/io/InitialValueReader.h

```
graph BT; A[src/io/InitialValueReader.cpp] --> C[src/io/InitialValueReader.h]; B[src/models/InitialValueData.cpp] --> C;
```

A diagram illustrating the relationship between three source files. At the top is a gray rectangular box containing the text 'src/io/InitialValueReader.h'. Below it are two white rectangular boxes. The left box contains 'src/io/InitialValueReader.cpp' and the right box contains 'src/models/InitialValueData.cpp'. Two blue arrows point from the top-right corner of the left box and the top-left corner of the right box towards the bottom edge of the top box, indicating that both source files include or depend on the header file.

src/io/InitialValueReader.cpp

src/models/InitialValueData.cpp
